

1. Right click on the file you wish to open, select "Save target as" (or "Save link as") button, and then save it onto your computer (ex. desktop).
2. After that, right click on the file and then click on the "properties" button.
3. The following picture should appear:

4. Once you see the popup, please click on the "unblock" button and press "ok."
5. You then can proceed on to opening the file.
